THE CONFERENCE BULLETIN

CONFERENCE HEADQUARTERS

Headquarters for the National Conference of Social Work will be maintained at the Ararat Temple. Here will be found the registration service, information service, the ticket sale for luncheon and dinner tickets, consultation service, press service, and the Executive Office. The General Sessions of the Conference, with the exception of the Conference Dinner and the Conference Luncheon, will be held in the main auditorium at the Ararat Temple. A number of the Division and Associate Group meetings will also be held in this building. Other meetings will be held in nearby hotels. The final program, received when registering at the Conference headquarters, will give the complete details as to meeting places, hours, and so on. Every person attending the Conference should come to Conference headquarters immediately after arrival in Kansas City, register, and secure his final program.

REGISTRATION

Everybody participating in the Conference or attending its meetings is expected to register at Conference headquarters. It is only in this way that friends can locate you or you can receive telegrams or special delivery letters addressed to you in care of the Conference. It is highly advantageous to each person attending the Conference to register. This should be attended to immediately upon arrival in Kansas City.

Upon registering each person receives the official program, badge, invitation to the President's reception and other needed material. The registrant's receipt gives a preference if it is necessary to limit attendance at General Sessions, the Conference dinner or other Conference functions.

Members of the Conference pay no registration fee but present their membership card when registering. If the membership card has been lost or left at home, secure a temporary membership card from the membership secretary of the Conference prior to registering. The membership secretary will be at the registration booth at a specially designated point for this purpose. Attention to this detail will save time when registering.

Official delegates from member agencies may register without the payment of the registration fee if they present the authorization for such registration properly signed by

the executive of their organization. The forms for this certificate are mailed from the Conference office directly to the agency about April 1st. Free registration can not be claimed without the proper certificate.

Non-members of the Conference are cordially invited to become members when registering. If they become members at this time, the registration fee is waived. If they do not wish to become members of the Conference, the registration fee for the annual meeting is \$2.00.

REDUCED RAILWAY FARES

Railroad identification certificates, entitling members of the Conference to purchase round-trip tickets to Kansas City at the rate of one and a third fare, will be sent to all Conference members entitled to them by April 1st. Full instructions as to selling and return dates and stop-over privileges are issued with each certificate. There is a thirty day return privilege on such round-trip tickets. Attention is particularly called to the following instructions from the Passenger Association authorizing this reduced fare:

"This letter is written for the purpose of bringing to your special attention the following rules which must be observed in connection with the use of Identification certificates, and it will be appreciated if you will acknowledge receipt of this letter, advising that the matter is fully understood:

"Certificates will be issued only to bona fide members of the organization for which excursion fares are being authorized, such certificates being good for the personal transportation of the member and/or dependent members of his or her family.

"Secretary or other official of the organization to keep a record of the number of the certificate issued to each member.

"Each organization to circularize its members when identification certificates are issued, calling specific attention to the fact that the identification certificates may only be used by bona fide members of the organization and dependent members of his or her family, and that if the certificates are not to be used by such person or persons they should be returned to the Secretary for cancellation.

"Under no circumstances may Identification Certificates be given

to anyone not entitled under the tariff to use them, and any requests that certificates be furnished to any others than members of your organization, or dependent members of their families, should be declined. This applies to applications which may be made by representatives of railroad companies, as well as any other person not identified with your organization. Should anyone apply to you for Identification Certificates, who is not authorized to use them, please take his or her name and address and report to the undersigned."—H. W. Siddall, Chairman.

Persons not now entitled to the reduced fare privilege may acquire it by becoming a member of the Conference. The railroad identification certificate will be mailed immediately upon receipt of the membership fee in the Conference office.

HOTEL RESERVATIONS

There are ample hotel accommodations in Kansas City. However, if you wish to secure minimum rate rooms, it is advisable to get your reservation in at once. Consult the list of hotels on page 27 of this Bulletin and send in your reservation on the blank provided there. Requests for reservations sent directly to Mrs. Eileen E. Sullivan, Chairman, Committee on Hotels and Housing, Convention and Visitors Bureau, Chamber of Commerce, Kansas City, Missouri, will receive prompt attention.

Every effort will be made to secure the accommodations you request. The list of hotels given on page 27 is recommended for you. They offer a range of price from inexpensive to the more expensive accommodations. They are cooperating with the Conference in providing comfortable and adequate accommodations for Conference delegates.

LUNCHEON AND DINNER TICKETS

The Ticket Office for the advance sale of tickets for luncheons and dinners will be maintained at Conference Headquarters. It is important that persons wishing to attend luncheons and dinners secure their tickets well in advance. In many cases accommodations are limited and if the pur-

chase of tickets is delayed, you may be disappointed. On the other hand, if the hotels are to make adequate provision, we must have some knowledge in advance as to how many persons will attend a given luncheon or dinner. In the case of the Conference Dinner, and the Conference Luncheon, if it is necessary because of the demand for tickets, preference will be given to persons who have registered at the Conference. It will greatly facilitate matters if you purchase your tickets for luncheons and dinners and particularly the Conference Dinner and Conference Luncheon well in advance.

CONFERENCE MEMBERSHIP

All persons interested in problems of human welfare are cordially welcomed into the membership of the Conference. The Conference membership is the sole financial support of the Conference and makes possible the annual meeting as well as the other services of the Conference to social work. Membership is in various classes as follows:

Active membership—\$5.00. This includes the Quarterly Bulletin, the bound volume of the Proceedings of the annual meeting, which ordinarily retails at \$3.00 per volume, reduced railway fare privilege, and all the privileges of the Conference. If the member does not wish the bound volume of the Proceedings, the membership fee is \$3.00.

Sustaining membership — \$10.00. This class of membership is for individuals who wish to share more generously in the support of the Conference or for organizations with a small budget which wish to be members of the Conference but can not maintain the regular institutional membership. The membership privileges are the same as for individuals and in addition the privileges of reduced railway fare certificates for members of their staff or board and the registering without the payment of the registration fee of up to four members of their staff or board.

Institutional membership — \$25.00. This is the regular class for social work or other organizations or agencies. It provides all of the privileges of active membership and, in addition, an ample supply of reduced railway fare certificates for members of their staff or board and the privilege of free registration of up to ten members of their staff or board.

The annual meeting is a logical occasion to renew membership in the Conference, if it has lapsed, or to become a member of the Conference, if one has never been a member before. Membership fees may be sent to the Conference office any time in advance of the annual meeting or at other times during the year. All Conference members receive the reduced railway fare certificate, preliminary program, and other material directly from the Conference office in ample time ahead of the annual meeting. If you are not now a member, send your membership check to the office at once, using the membership application blank on page 24.

CONSULTATION SERVICE

One of the greatest values of the Conference is the opportunity to discuss particular local or personal problems with expert leadership from all over the country.

For the newcomers to the Conference who may be a bit bewildered by the complexity of the program there is "Uncle Alec" Johnson, the General Consultant of the Conference, who will be glad to talk with them on how to get the most out of the Conference. He will have a booth at Conference Headquarters.

The following organizations have reserved booths at Conference Headquarters for consultation purposes. Staff members will be in attendance at definite hours each day and available for personal conferences.
